### Summary

As an Information Technology institute (ITI) Graduate, I stand out as an ideal candidate due to my comprehensive education and hands-on experience. With a solid foundation in Power BI development, expertise in data modelling, ETL processes, and advanced visualization, I am well prepared to contribute to impactful dashboard creation. My proficiency in Power BI, SQL, and Data Modelling, coupled with analytical and problem-solving skills, positions me as a valuable asset for optimizing data models and uncovering meaningful insights.
