👤 Profile

Hello everyone ,I'm Nour Shaaban a **certified data analyst from Google** who can help utilize your data accurately grow confidently more than once and professional analyst in using Excel and working on complex Project using crucial market tools like | python| power bi . My goal is to gain personal and professional experience to fuel my career growth

📁 Professional Experience

Data anlayst

03/2024 - 04/2024

TechnoHacks Intenship Program

COMPLETE 4 TASKS

Task 1 : Perform Data Cleaning

Clean a dataset by removing missing values and outliers.

Task 2 : Calculate summary statistics

Calculate summary statistics (mean, median, mode, standard deviation) for a dataset

Task 3 : Pivote Table

Use pivot tables to summarize data in a dataset

Task 4 : Dashboard using PowerBI

Create a dashboard to display insights and visualizations from a dataset.

🎓 Education

BSc of Computer Science

09/2018 - 05/2022 | Bain swif

Faculty of computers and artificial intelligence

Computer Science Department

🧠 Skills

Database – SQL server,postgreesql • **Data visualization** – Power bi Desktop,Power Bi

Service,Power BI Report Server • **Spreadsheet** – Excel, Google sheets • **Programming** –

Python,R • **ETL** – SSIS,SSRS,SSAS • **Presentation** – Power point • **Statistics** – Descriptive

Statistics,inferential statistics • **DAX** – Data analysis expression • **Data warehouse**

Personal Skills

Teamwork

Work under stress

Self- Organized

Self- Motivated

Leadership

Research

Fast learner

Strong Analytical and Problem-Solving Skills

Projects

Employees performance Dashboard

02/2024 – 03/2024

Using power bi to Create an interactive dashboard to analyse the employee performance indexes and track the core underlying causes of their performance issues (clear indicators of non-performing employees)

Cars Sales Analysis

02/2024 – 02/2024

the objective of this project is to design and develop a dynamic and interactive cars sales dashboard using power bi . the dashboard will visualize critical KPIs related to our cars sales

Certificates

- Google data analytics 
- Data analysis and visualization with power bi 
- Extract, transform and load Data with power bi 
- Data Modelling in power bi 
- SQL Basic 
- SQL (intermediate)
